

YASH TYAGI

Business Intelligence Developer | Data Analyst | Fresher
+91 8279992493 | tyagiy64@gmail.com | Meerut, Uttar Pradesh

WORK EXPERIENCE

- **GenAI Powered Data Analytics Job Simulation**
 - Exploratory data analysis and risk profiling
 - Predicted delinquency with AI
 - Business report and data storytelling for collections strategy
 - Implementing an AI-driven collections strategy

TECHNICAL SKILLS

BI & Visualization Tools: Microsoft Power BI, MS Excel (Pivot Tables, Charts, VLOOKUP, IF formulas)

Database & Querying: SQL (SELECT, JOIN, GROUP BY, Subqueries, Aggregate Functions), MySQL

Programming: Python (pandas, NumPy,), basic data wrangling

Productivity Tools: MS Office Suite (Word, Excel, PowerPoint), Google Sheets

Soft Skills: Analytical thinking, Attention to detail, Problem solving, Communication

PROJECTS

Sales Performance Dashboard — Power BI

Jan 2026 – Mar 2026

Academic Project

- Built an end-to-end Power BI dashboard to analyse sales data for a mock retail company across regions and product categories
- Connected Power BI to a MySQL database and wrote SQL queries to extract, filter, and aggregate sales records of over 10,000 rows

Student Performance Analysis — Python & Excel

Aug 2025 – Dec 2025

Academic Data Analysis Project

- Collected and cleaned a dataset of 500+ student records using Python (pandas), handling missing values, duplicates and outliers
- Performed exploratory data analysis (EDA) to identify patterns in attendance, grades and performance across departments

EDUCATION

Bachelor of Technology (B.Tech) - Electronics and Communication Engineering 2022 – 2026 (Final Year)

ABES Engineering College, Ghaziabad, Uttar Pradesh

CGPA: 6.9/10

ACHIEVEMENTS & ACTIVITIES

- Completed Power BI end-to-end project independently, from data connection to published interactive dashboard
- Maintained strong academic record throughout B.Tech with consistent performance in mathematics and programming subjects
